Although you must be prompt, there is no reason to arrive very early since your alphabetical order has already been predetermined by the spelling of your *dancer's* last name. If you can't make ticket day, you may send a family member/friend in your place at your time with a note giving them permission to purchase your tickets.

IMPORTANT – Wilkins Theatre has strict Fire Code Regulations that require every person (including newborn babies, toddlers and young children) to have a ticket to enter the Theatre. **Tickets are priced at \$34 per seat.** Tickets purchased at the door are priced at \$35 each~cash only. No one will be admitted without a ticket EVEN IF YOU PLAN ON HAVING THEM SIT IN YOUR LAP. Also, be advised it is against the Fire Code to permit strollers to block any aisle inside the Theatre. Strollers may be kept in the Lobby as they will not be permitted in the Theatre.

If you have a very young dancer, it is advisable to know where they stand on stage. Teachers will have this information posted on ticket day. You may want to seat yourself on the same side of the Theatre as your child since the littlest dancers rarely change their stage positions.

Handicapped seating with a “buddy seat” is available. Please make us aware of your handicapped guest when you purchase your tickets so we may determine if they need a wheelchair space or a seat in the preferred area.

Senior parents will receive a separate e-mail with their purchase times on 3/29 between 5:30-6:00 pm.
